Hospital under construction in Togo (2013)

30 July 2014

Hello everyone,

At fifty-seven years old I became conscious I was in rebellion against God. Jesus came and brought me out of my misery, my suffering, my ignorance and my sin. He is now my personal Savior and He has the throne of my heart where he reigns as Lord, working in me and through me.

At a missionary presentation, I felt my heart burn within me. I felt the call of God: to put aside my own comfort to serve in other nations. Since then, I've been to Haiti twice (for 2 weeks, and again for 3 months) and once to Africa (for 3 weeks)—each trip has been a blessing in my life and in the lives of those I served.

In November 2013, a missionary from ABWE (Across Borders for World Evangelism) suggested the new hospital in Mango, Togo (West Africa) could use my training and experience in medical laboratories. I plan to use my time in Mango to train the Togolese technicians how to organize and get the most out of their new facility. I feel God has prepared me for this opportunity, and prepared this opportunity for me. I am eager to see how He will work through and in me.

I hope, I expect, and I know this job will provide an opening to announce the Gospel in an environment full of challenges: beliefs (animism, Islam), languages, culture, traditions, and living conditions.

I want to offer you the opportunity to partner with me to advance the Kingdom of God, "as long as it is day." (John 9:4) whether by prayer support and/or financial support.

My financial need (for 9 months) is \$ 10,000 USD (**\$ 12,000 CAD**). This includes: air tickets, visas, taxis, health insurance outside Quebec, Immunization (medicine / vaccines), administration, and rent. The total amount must be obtained **before** the deadline of **September 15, 2014**. I invite you to participate with joy and generosity, by donations in cash or cheque.

"And my God will meet all your needs according to the riches of his glory in Christ Jesus." Your prayers and financial support can make a difference!
